

# Make Money - Special Free Report – The Joseph Factor ID # \_\_\_\_\_

## What if we could show you how to earn \$200 to \$500+ a week from your home?

We have tough times in our country, and good employment is scarce. The cost of gasoline is up, not everyone has a vehicle, good paying jobs are competitive, and all these factors and more make owning your own home based business very attractive. You are about to read about an alternative method to earn money, and lots of it. This is totally legal, and something you can be proud of. Now you can market a system with our firm that helps you learn about ways to buy your own home or real estate investments, to solve mortgage, debt and credit issues, to learn how to market online and much more! Also, single or stay at home moms, retirees, disabled people, and even homeless people need ways to bring in income that can break them through the poverty barrier. Once you join us, we have online training to help you market online to the whole world. Here is a chance to work with a Christian based firm!

**Be Like Joseph of Egypt!** Joseph of the Bible helped people survive in a very tough time, and so can you! You can be the Joseph in your generation, as you grasp our vision and run with it to help people break out of hard times! We call this the Joseph Factor, as you factor in Joseph and money solutions to help people in a Godly way, showing them how to earn survival funds, to pick up slack in their incomes, to replace lost jobs, maybe even to get off of the government payrolls. This can help people get part time money, or even full time money, and it harnesses the people you help to make you extra money too! You can even do this anonymously without ever approaching anyone you know, unless you want to. This was not made for lazy people; you will need to work it. *"You will get everything in life you want if you help enough other people get what they want!" Zig Ziglar*

**How Can You Make Money?** You just share this free report. That is all, just hand it out, or mail it or drop it on doorsteps, or share it online! When people respond to your ID number, you make money! Is this an MLM? No, it is not. Although you get paid on duplication of others efforts, this does not qualify for being an MLM, it is rather a simple 2 tier reseller program! How simple can it get, you just hand out or deliver a free report to people, and you are simply showing them a way to make money, which is a service and benefit to them. Do you know people who need honest and legitimate money based on working with their hands and minds? Of course you do. Our system shows you and other people great ways to earn money and even allows you to partner with us in many activities.

**How Much Can You Earn?** First understand that you must buy our system to market it. In our system is how to work it, and what you need to know. We have the products online and they are very plentiful to help you get going, plus to help you as a consumer in your life. You do not need to be online to begin though! Our entry cost is \$100, plus tax, money back guaranteed. This one time cost for our initial product in a progressive system begins to get you paid for a lifetime as long as you resell for us. Then, whenever any person buys it connected with your ID number that we assign you, you get \$50 from our firm, mailed to you, paid once a week. You can earn 2-10 of these a week, or more. 2 would be \$100 weekly, 5 would be \$250 weekly, and 10 would be \$500 weekly. Could this help your bottom line and help you break through or survive? **Then**, anytime one of your buyers resells our product, you get \$25. This is effortless 2nd tier income for you. People work for you, and make you money. What if 20 people were going strong marketing this system under you on your 2<sup>nd</sup> tier? You do not even have to know them or train them or have any dealings with them unless you want to. We handle all that! If each of them did 2 sales weekly, then you would get \$50 a week for each person you sold our system to, and that is \$1000 weekly. (20 people x \$50 each) This may take time to build up to, but you could make money your very first day with us at \$50 a pop and then the income is forever growing the longer you do this project! We do not want to hype this, many will make just \$200-\$500 monthly at this, but the potential is there. Imagine earning money while you sleep with a sales force out there working for you!!

**It Is Guaranteed!** We even have a 10 day money back guarantee with no questions asked. So with no risk, because of our guarantee, and also the ability to get your money back with just 2 sales, (2 x \$50) we have made this safe and easy for most to do. It works! You can build this into \$200 - \$1000 a week potential with no risk, and just some part time work, maybe even just 1-2 hours a day! Many people who don't work would like to if they knew a way to do so. While it helps to have a computer and Internet, you can get that later and begin working this offline. We have mail ordering as well as online ordering. You simply need to send a money order or go online to register. We then mail you back an instruction packet, with your own ID number, and a camera ready copy of this report! Go online to read more and to even order online if you wish! <http://www.themfngroup.com/joseph>

I understand that I must follow the policies and rules of The Joseph Factor to stay in good standing with the firm. I agree to not email spam, or do bulk email blasts. I agree to not lie about or exaggerate my income, or have any dishonest or fraudulent practices and if I break the policies of The Joseph Factor, I can be terminated at any time by management. I understand I am an independent contractor and will receive a 1099 tax report if I am a US resident on income over \$600 annually. I understand that the products are online and I will not receive any offline products, other than a few pages of marketing helps for the offline system. I understand that I am not joining a membership, but rather selling a product only. The Joseph Factor is a product firm and not a service firm.
