I get paid \$25 for every person that acts on this free report! You can be paid regularly just as I am! Who wouldn't like an extra \$50 to \$500 per week each and every week? This is for anyone who wants and needs to work regardless of your background or current situation! Own your own home based-business now! Do you consider yourself not hire-able? No problem!

We have tough times in our country, and good employment is scarce. You are about to read about an alternative method to earn money, and lots of it. This is totally legal, and something you can be proud of. Now you can market a system with our firm, a system that helps you learn about different ways to make money, to solve debt and credit issues, to learn Biblical financial concepts, and to learn how to market things on the Internet! Here is a chance to have your own home-based business. America is looking more socialistic every day, and we need to bring it back to a full free enterprise system! Here is your chance to help educate people about freedom and free enterprise while giving them money options with the Joseph Factor! The Joseph Factor is based on teachings from Greg Nichols, bible teacher author and entrepreneur. We can help people, beginning with the poor or down and out!

Now Own Your Own Exciting and Fun Home Based Business! The cost of gasoline is up, not everyone has a vehicle, good paying jobs are competitive, and all these factors and more make owning your own home based business very attractive. Also, single or stay at home moms, retirees, disabled people, and even homeless people need ways to bring in income that can break them through the poverty barrier. Once you join us, we have offline and online materials and training to help you also market to the whole world.

How Can You Make Money? You just share this free report, that is all, just hand it out, or mail it or drop it on doorsteps; that is all you do! We also have camera-ready artwork for fliers, postcards and business cards too. When people respond to your personal ID number, you make money! Is this an MLM? (Multi-level-marketing) No, it is not. Although you get paid on duplication of others efforts, this does not qualify for being an MLM, it is rather a simple reseller program, where you work with a top notch and honest Christian based firm! How simple can it get, you just hand out or deliver a free report to people, and you are simply showing them a way to make money, which is a service and benefit to them. Do you know people who need honest and legitimate money based on working with their hands and minds? Of course you do. Our system shows you and other people great ways to earn money and even allows you to partner with us in many activities. Our offer here is only the starting path to bigger things with us! You do not need a computer; you do not even need a telephone. All you need is a place for us to mail your checks to. Of course, those things will help you even more! I also give you a replicated website to my mentoring system to track your online sales.

Be Like Joseph of Egypt! Joseph of the Bible helped people survive in a very tough time, and so can you! You can be the Joseph in your generation, as you grasp our vision and run with it to help people break out of hard times! We call this the Joseph Factor, as you factor in Joseph solutions to help people in a Godly way, showing them how to earn survival funds, to pick up slack in their incomes, to replace lost jobs, maybe even to get off of the government payrolls. This can help people get part time money, or even full time money, and it harnesses the people you help to make you even more money too! You can even do this anonymously without ever approaching anyone you know, unless you want to. *"You will get everything in life you want if you help enough other people get what they want!"*

How Much Can You Earn? First understand that you must buy our system to market it. In our system is how to work it, and what you need to know, and camera ready forms and reports. We send you a 25-page manual and it has many references to private or secret online training and instructional websites. We mail the product to you and the product is set up to help you get going, plus to help you as a consumer in your life. You do not need to be online to begin! Our product cost is \$49.95, plus tax and shipping, money back guaranteed. This one time cost for our initial product and system begins to get you paid for a lifetime as long as you resell for us. Then, whenever any person

buys it connected with your ID number that we assign you, you get 50% commission or \$25 from our firm, mailed to you, paid once a week. You can earn 2-10 of these or more per week. 2 would be \$50 weekly, 5 would be \$125 weekly, and 10 would be \$250 weekly. Could this help your bottom line and help you break through or survive? It does not stop there. Anytime one of your buyers resells our product, you get 25% or \$12.50. This is effortless 2nd tier income for you. People work for you, and make you money. Two people equal your single efforts. What if 20 people were going strong marketing this system under you on your 2nd tier? You do not even have to know them or train them or have any dealings with them unless you want to. We handle all that! But you will do even better if you guide them. If each of your 20 people did 2 sales weekly, then you would get \$25 a week for each person's 2 sales on your 2nd tier, and that is \$500 weekly or \$2000 monthly just from your 2nd level. (20 people x \$25 each) This may take time to build up to, but you could make money your very first day with us at \$25 a pop for the 1st level. We do not want to hype this, many will make just \$200-\$500 monthly at this, but the potential is there and even that much would solve many issues for most people. Imagine earning money while you sleep with a sales force out there working for you!! Imagine buying a product for \$49.95 one time cost and then earning \$25 and \$12.50 commissions for life. Imagine 100 people each doing \$25 a week for you! They are motivated so they can get \$25 1st level commissions, and that motivation gets you \$12.50 a sale or \$25 if they do 2 sales in a week. 100 x \$25 = \$2500 weekly to you.

Greg and Debbie set this system up to help people break through debt, income and credit issues and poverty barriers, and to give them a way to earn extra funds for their families. Greg and Debbie do regular Internet Biblical success teachings online on an Internet radio program! You get plenty of online support. You may also access many Biblical teachings online by Greg and Debbie Nichols.

Progressive Income Also! There is a next level to go to after this first one kicks in, where you may leverage in using earnings and be paid more per personal sale and more for every sale on your 2nd tier of past persons you sold to. This can all be done with leverage from the initial \$49.95 spent. No one gets hurt. We even have a full 7-day money back guarantee on the initial \$49.95 product, with no questions asked. So with no risk, because of our guarantee, and also the ability to get your money back with just 2 sales, (2 x \$25) we have made this easy for most to do. It works! You can build this into \$100 - \$500 a week potential with no risk, and just some part time work, maybe even just 1/2 hour a day! Many people who don't work would like to if they knew a way to do so.

Flexible to Begin System! While it helps to have a computer and Internet, you can get that later and begin working this offline. We have free report ordering offline by mail. You simply need to send a money order and the form filled out below to register. We then mail you back a 25-page manual of the product and system and instructions packet, with your own ID number, and a camera-ready copy of this report and other forms!
