We Are Looking For Home Based Business Operators Like You!

From Greg Nichols, the author: My firm markets products and services online, and has been involved with online business for quite some time. We have put together a network of businesses and persons who can use more Internet exposure, and we invite interested parties to assist us in marketing this network to the public. In marketing our system, not only can you help people's businesses and online presence to grow, you can also help them earn their own extra income from our firm and you will be well paid for it.

We call this The Joseph Factor, named for the Bible character, Joseph. This man found himself in a rough place at a rough time in human history. He loved and honored God, and God gave him the ability to bring solutions to people and to help people and to actually save them from destruction. We believe here that you can be like Joseph was, and you can bring a solution to many! Ours is not the only solution; but for many, this can bless their families and help them reach their destinies. We believe it is wise and even Biblical to think soundly and prudently about the economy we are in right now and be proactive, like Joseph was.

If you are a business professional, a business owner or a person in need of additional income, maybe this economic situation has hit you hard; hard enough to leave you reeling and not really able to enjoy a lifestyle you were once accustomed to. That can all end now. You can get things back on track financially; we can show you a cash flow method that solves the situation instantly.

Earn \$30+ Payments Over and Over!

Could **\$30 or even \$100 every day or two** help your bottom line? How about more than that? **You would be your only limitation on this project; it would be up to you how much you earn on this.** People you do not know or that you have never even spoken to bring you \$30 each! Not just one person, or a few people, but many do, and there is no end in sight, you can receive thousands upon thousands of dollars! This is through an ingenious pay system we use, read on to see more!

You simply bless someone and help them out of the financial pit by sharing this free report by postcard or by email. Do you know a few hurting business people, or sales people? Just share this free report with them. If they like what they read, they ask you for more information. That is it. If someone does not act on this free report, then that is their business, you need not coerce them at all, or beg, there are too many who will. If a person is not motivated to act based on cash needed to improve their lifestyle, maybe more facts about our national crisis will help.

No Selling or Rejection!

We have a simple, **no sweat or fear post card system**, and it generates your leads for you! On this post card you show people how to find this free report online and provide them your special ID number! We have you send out 15-20 postcards a day, and that is easy to do, it takes minutes. You can buy a "business opportunity seeker" mailing list, you can target yellow page firms, or you can even set the post cards on doorsteps, this is up to you. The post card leads them to our firm and the sale is automatic to you. This offline marketing is very effective, as it brings you people from everyday life who need the services we offer or the income!

Get Your Own Income Going For You Today!

This report has been called, "**The Joseph Factor!**" Some will understand that very well, others will not. This is private enterprise in theory and practice. This is a solution for families. You buy a product/service from the person who sent you the postcard or location of this report. This person has used "**2 step report marketing**" with you and **you** can use the method with others, it works and it is easy. An ID is required to join us. Once you buy our product/service, you are licensed to resell it with us. After you read our website and you wish to be involved, you fill out a single form, and we direct you to a processing firm where you may set up an account to pay the person directly who sent you this report. Yes, you pay them directly, and you get paid directly by others, instantly, at the same processing firm. You may obtain a VISA debit/credit card from the firm and get the cash immediately. You can earn **\$30 and higher payments** continually.

The Math – You can join at our Basic Entry Level for \$30! Just buy the \$30 product! There is a \$14.95 monthly subscription but we give you a 45 day free trial! You resell the product and keep 100% of the sale. Next, you can upgrade or join at our **Bronze Level**, it costs you a **\$100 one time cost**, and the same **\$14.95 monthly**. (The 45 day free trial on the monthly is so you can get going!) You then resell the product you bought and keep 100% of the sale. In fact, your purchasers pay you directly at PayPal. The Bronze level pays you the full \$100 and we use PayPal for that level only. This is our next product and

purchase and you will earn many 100% of the sale or \$100 payments through our pay plan. Imagine earning 2-3 \$100 sales in a day. Even **\$100 a day is \$3000 monthly**. Two \$100 sales a day is **\$6000 monthly**. Read further to see how volume sales can happen for you here, easily by residual. Once you are comfortable with your earnings, you can purchase higher products for higher payments.

How Does the Duplication & Residual Plan Work?

This is called a **1Up** pay system. You give your first person to the person who referred you. That is your only requirement, and after that, you may keep all sales. Watch now what that does for you. From your 2nd sale on, after you get the payment on that person, that person must bring you their first sale. This is all tracked for you. When that next person pays you, then they must bring their first sale to you. When that following person pays you, then they must bring their first sale to you. This goes on to infinity. So if you refer 10 or 20 people, you have started 10 or 20 infinite progressions which all lead back to you, and often you can get several \$100 payments at once. This is a limitless plan and system for you. This is not a scam or scheme. This is prudent commerce. If you want to see a limitless supply of \$30 or \$100 payments coming to you, then get in this system now and begin today. Imagine people you never meet suddenly depositing \$30 or higher in an electronic account that we help you set up. This won't be rare, this happens **frequently**. Every sale you make and step you take forward propels you further into an exponential system, and that system pays you very well. It is possible that the progression could still be going 50+ sales later, a progression of 50+ sales off of just one referral. That could be \$5000+ cash to you based on only one line of persons from one simple sale you made. This does not even consider our upgrade purchases and commissions to you!

Upgrading to Higher Commissions

Upgrade from your earnings! This is leveraging your original \$30 commissions and investing back in for larger commissions. It is possible to go all the way to our largest product by only being "out of pocket" the first \$30. Once you have earned many \$30 commissions, you may upgrade by purchasing the **Bronze \$100 Level**, and later, you may purchase the **Silver Level** for **\$379**. Then, you receive **\$300** per sale, and each of your \$100 persons follow you up into this, so these higher sales and upgrades are over and above your normal production.

Finally, once you earn many **\$300** commissions, it will be easy for you to afford our final and largest product at the **Gold Level** for **\$1189**, which pays you **\$1000** commissions.

For any level you are at, we simply charge an admin fee of \$14.95 monthly for support, software, etc. There is no monthly contract; you can stop the monthly payments any time you choose. You are issued an ID number up front. You also get a replicated website from us. People following you must have your ID number to move ahead and get their own ID number, or you can simply give them your website.

The products are the following:

\$30 Basic Entry – Purchase an e-book on how to search effectively and quickly in search engines! This includes many tricks I have learned throughout the years!

\$100 Bronze Level – My own Internet Marketing techniques, strategies and resources for marketing online. You can take the offer to the world with this product.

\$379 Silver Level – This level includes the **\$100 Bronze Level** for no extra cost plus enters you into a special referral network for offline or online businesses. The cost of \$379 gets you a lifetime entry.

\$1189 Gold Level – This level gets you the **\$100 Bronze Level**, the **\$379 Silver Level**, (Referral Network) plus advanced marketing online and offline, sales techniques and training, production tips, consumer education, and many other helpful resources.

Some may wish to purchase the largest Gold product first or the Silver product first. That is OK. If you purchase the \$1189 Gold version, you get to be paid \$1000 per referral by people who follow you. Come in as high as you can because you will only receive payments up to the level you begin at. This can cost you and you might leave funds on the table. The lower Silver Level of \$379, plus the same \$14.95 monthly pays you \$300 payments. Some people can leverage into the larger amounts with a few referrals, and then they just pay the difference to upgrade. At this point, when fully upgraded, you have **\$1000 or \$300 or \$100 or \$30** or the **upgrade amounts** coming to you, as you use the **"2 step report marketing."** You get paid instantly and directly by the person you refer. Do you see that? No waiting, no hassle. No delays. It's a perfect, made to order business. You have no inventory and no employees. This can be managed in 2-3 hours a week, and any single mom or housewife could really use this to enhance the family income. A

student could use this system to pay for college and living expenses, and a retiree could use it to supplement a "too little fixed income."

Leveraging Upward Is the Plan If Money is Tight!

If you cannot afford the **\$1189 Gold Level**, then you can purchase the **\$379 Silver Level** and after 3-4 sales, you can afford it. If you cannot afford the **\$379**, then you can purchase the **\$100 Bronze Level**, and after 3-4 sales, you can afford the \$379. If you cannot afford the \$100, buy the \$30 product! This is great leverage.

Special Note: Money that you are not qualified for will be passed up above you. This may hurt somewhat, but later, when you are qualified, money will pass up to you too, and equalize the losses and gains. (If you are qualified to Gold and you refer in a Gold person, you get \$1000. But if their first sale is a Bronze, \$100, that is your only 1Up passed up sale from that person, however, you get rights to the upgrades the Bronze person does. There is no picking and choosing which sale is passed up.)

This System is 100% Legal!

This is absolutely legal; we would not even suggest an illegal activity at all to you. It is however, not conventional either, so you will need to think outside the box, right now, today. This is also not gifting or MLM, so don't worry about that either.

What to Do Now! – Don't Lose the ID Number You Were Given!

See yourself as a person providing solutions and not just another sales person trying to scam or separate people from their precious cash. See yourself as a "**Joseph**" – a visionary who can respond to certain negative conditions in a special way and move people to protected higher ground. This system can help anyone and change their economic outlook in just a week or two, with no training, no college and no work experience. This would be a perfect report to put in the hands of the recently unemployed person who just got severance pay.

Do not make first contact with anything but the post card or this free report. Do not re-invent the wheel. Rely on this report to explain things for you. Use the "**2 step report marketing**" system. This duplicates well if you follow instructions. You simply give out this webpage to share the free report if not using the post card method: <http://www.themfngroup.com/joseph>

Once you are set up, you can use the **post card system** where you can locate people by the dozens to purchase from you. You really don't have to sell anything, or even see people at all. This could even be done anonymously. With that happening, I see \$1000, \$300, \$100 and \$30 payments for you, but multiplied many times. This is an easy to do, no selling, no sweating, and no worries way to earn funds while helping others too!

Enter for \$30, and after 3.33 sales, you can afford the \$100 product. Sell 3.79 sales of the \$100 product, and you can afford the \$379 product. Sell 4 sales of the \$379 product, and you can afford the \$1189 product! Think about it, you can do this! Read this again, in fact, read it 2-3 times.

Steps to Proceed:

Go to your referrer for the web link to join, that person is whoever supplied you the post card, the email or the ad that brought you to this free report.

Or, email admin/support – but you must have an ID from the person who showed you this report. mfnnetwork@gmail.com !

We do have replicated websites, and you can market this totally online, it is up to you! The project works great in rotators and safelists!
