See Your Income Increase Little by Little to \$1 Million Dollars Per Year!!

Use Ancient Biblical Wisdom and Do It Part-Time!

from Photizo Publishing & Productions copyright 2020 by Greg Nichols

"Wealth gained quickly will dwindle away, but the one who gathers it little by little will become rich." Proverbs 13:11

My name is Greg Nichols and I market online just like you. I am also a real estate broker, an ordained Christian minister and an entrepreneur. I author books and sell them, and I mentor people in ministry and business concepts. In this report, which is a vision for wealth for the ordinary person, you will see me share ancient Biblical wisdom and this ancient wisdom has served to help people get wealthy for thousands of years. *"And Abram was very rich in cattle, in silver, and in gold." Genesis 13:2*

Many people are reeling from a world-wide pandemic and many are wondering how they will support themselves or their families. Some jobs are on hold on a national and international level and this is a situation that may have a simple solution. We have a money-making project right here. We have designed it for those who desire to earn regular income **now** and be building wealth and their retirement at the same time. It is possible to bring in bill paying money, retirement income and wealth all at once, and it does not cost much to begin. There is no reason you cannot begin today, safely online and no need to leave your home.

Many people are in debt, and many are broke. This is especially true of many Internet marketers. People are hurting in the financial area because they violate good principles through a lack of wisdom. This is often a generational problem. For others, once they get behind the eight-ball, they just cannot seem to find any way out. Others have retired but they have not set up as good a retirement as they desire, and they are living on a very meager monthly social security check and maybe a retirement income that is far too small.

I personally at this writing am 65 years old. I am drawing social security income and so is my wife. It certainly is not enough to give us the retirement we desire. That is why I have a wealth plan in place, and you are reading a part of it. But it is a critical one and it is something anyone reading it can start, and for just a few dollars, even if they are on a shoestring budget. For those of you that feel \$1 Million a year is too much hype, please realize that that is only \$83,333.33 monthly. That is about \$20,833 weekly, and it is about \$2,976 a day. That is also only \$124 per hour if you are earning 24 hours a day. My wealth plan shows that money is flowing in 24/7, to you and me, every day and potentially any hour of the day. That does not mean you will have to work 6 or 7 days a week, because you won't have to. Once it is set up which takes just hours, it can be done just part time. I have worked in online marketing for many years, since the 1990s, and this plan is a refined and distilled and clever system loaded with wisdom and strategy to get you and I to huge daily, weekly and monthly income. It has taken me 10 months to write this report. In other words, I have learned much along the way and you can benefit from it for free.

My system to obtain \$1 Million per year is free for you to use. You will notice that we do not use a single firm to get wealth. We use several firms and resources as well as principles and ideas, all used to bring together a large group of marketers with a common purpose, to obtain wealth. My system organizes and presents the plan for you in this free report with you using a specific blueprint and protocol that I give you. All you do is share this free report and use a few low-cost projects that I use. The report is shared via robot autoresponder so that you can be working effortlessly while sleeping or on a vacation. The robot system also follows up for you continuously with no effort from you. You simply drive traffic to a splash webpage. Any effort you put in is by simply getting your splash page out there and I even show you how to do that. If you could never refer or market well before, you will be able to do it now. My system is a **clever strategy**. Another phrase for clever strategies is **witty inventions**. Another Biblical phrase is **ingenious inventions**. I share this one verse from 2 different translations here.

"I wisdom dwell with prudence and find out knowledge of witty inventions." Proverbs 8:12 (KJV)

"I wisdom dwell with prudence and find out knowledge of ingenious inventions." Proverbs 8:12 (WBT)

What is clever or witty about this strategy in this free report? I am an experienced marketer with skills in advertising. I have penned this free report, and all the presentations, email templates, advertising, and instruction so that you just plug in your own information and set it up with my help. I then watch over the report and system to modify it and update it when needed, and, I release new content in the system, so it is always fresh for you the user and your prospects. I then show you how to get involved for just a few bucks, (less than \$20 to begin) and that right there is ever so inviting to the thousands of people that you will show this free report to. What project that can lead to \$1 Million per year costs less than \$20 to start, and full mentoring and ad content and marketing instructions are all built in and provided for free? People will take notice of this as they read it and be compelled to follow you in it. This project is less than \$20 to begin, but as you go you can invest other very small but strategic more dollars into it. You will have no surprises. We leverage money here very wisely, and it is very low risk with this plan, no one gets hurt ever! In a short time, like maybe less than 30 days, your income pays for it all.

The Lesson of the Seeds

The Bible teaches to think of life in terms of seeds. A thought begins with a seed of thought. Success and wealth are created by seed thoughts that are success thoughts, and wholesome and good seeds of thought are introduced into mankind by God. Spiritual evil also introduces thoughts too, seeds of failure, lack, poverty, debt and destruction. This free report is a seed. It is made up of many seed thoughts of success. As people read it, they are opened in their minds to possibilities and positive mindedness.

This free report is not only a seed, but a full template that you share with people. But with me, the seeds and templates never end. I allow you to download for free my robot email series, which are seeds and templates for this successful plan. You do not write your own emails; you use my emails and you just plug in your personal information. I give you ads, which are seeds. I share updates, videos and helps to you which are seeds. I keep you up to date on my progress and the progress of this vision. People are already running with this system. If you have the following items, you can begin:

- An Email Account
- A Computer
- No Past Success Online Needed

How fun could it be if you open your computer up each morning and go online and see your income increased? Increase is normal and natural for a healthy vision which is strategically worked. Decrease is abnormal. Look at trees. From a seed, they only grow, and increase. They do not decrease regularly. As people are reading this report given by you to them, they are seeing ancient wisdom which is rare these days, and they are seeing how to think, how to be patient, and how to grow things. A seed of thought gets into their mind.

The Lesson of the Oak Tree

I moved into my current home in 2013 and it has an Oak tree in the front yard. The first fall I lived here, I failed to rake up the fallen acorns. Within a few months, I had Oak trees springing up all over the yard. I had to pull them all by hand. There were about 60 or 70 of them in the grass and the grass is quite a small area. Imagine 70 Oak trees in my small lawn. What if I let them grow? That Oak tree is made to reproduce. The acorns are its seeds. Why did the tree over-seed my small lawn? Nature creates overkill, so to speak, to overcome attrition. Attrition is what is lost or does not survive. This over abundant seeding is God's idea, God's way. Each tree emits an ultra-huge and monumental plan to reproduce itself by over-seeding its surroundings. Attrition in marketing is people that follow you that do not stay. You must show a project to many more than join, and you must sign up many more than stay. Many Internet marketers do not understand this, and they let it discourage them and even allow this attrition concept to discourage them and they quit. Since I am sharing this attrition principle with you, you can brace and prepare for it, and treat it as normal to the process of growing an income through principles, and not be discouraged by minor and naturally caused setbacks. The other principle to see from my acorn story is that you over abundantly promote your splash page to scores of people, using overkill, and I show you how to do it, showing you how I do it. This over abundant marketing ensures that you get enough return to fulfill the Million per year goal.

With My Plan You Build a Mega Mailing List!

Enter our robot autoresponder. It captures all the people who want a look, and those who choose to not act are still captured for your mailing list and future projects. Or, they join your million-dollar plan in a few weeks or months down the line, because your automatic system that I have written and give you will drip on them for months. You can download these emails in 10 minutes. Do you get the picture? This system I have is your ultimate list builder, and once you begin with me, you are building a mega list of marketers. You can broadcast any email you want to them whenever you want to. But many of those people will join you in this project. You will not be approaching friends or relatives unless you want to. You will always use a lead capture page, tracking URLs, and the robot autoresponder; you will never prospect without it. By placing ads that I write and by going to ad places that I show you, you will put the water in front of the horse, it is up to them if they drink. You won't care about failure because you will be planting so many acorns, you do not need them all to take

root. Like nature, you will always be looking for the next tree that takes root. The trees that takes root will set down roots and be with you and will earn you much residual money by becoming Oak trees themselves and dropping acorns with overkill and abundance of sowing out to the general public, and their fruit or crops will go right into in your own downline and following. I know I have taken several pages here to open your mind, plant seed in it, and stimulate your thinking. This ends Part 1 of our report. **Part 2 can be life changing, so now read it thoroughly. It reveals what firms we use.**

The Vehicles We Use - Traffic Wave (TW)

So now, the nuts and bolts. We use Traffic Wave as our anchor project. This product enables you to do this system. You cannot do the system without it. On day # 1 of the auto-responder series, you get all 3 sections of this report and then on day # 2, you receive the Traffic Wave sign up link. When you join Traffic Wave in my downline group, my people share with you the link for the back-office mentoring training. With Traffic Wave, you get an autoresponder system, splash pages and URL tracking software. I show you how to build each to set up this project and all this comes to you for only \$17.95 a month. Traffic Wave is robotic system of email response that literally works your leads and prospects tirelessly and it works 24/7 year-round and this robot does not require hourly pay or time off.

FACT: I paid out of pocket \$17.95 the first month only and every month since I joined Traffic Wave, my \$17.95 has been covered by earnings. I never have paid it from my pocket after the first time. It is a 3 x 10 forced matrix and the top row of 3 people each cause you to earn \$6 monthly, which is \$18 monthly. So, if you get your 3 people in a few weeks, you have your \$17.95 covered the first month by monthly residual income. The rest of the levels 2 to 10 pay you \$1 per person a month. That may not sound like much, but the 10 levels have over 88,000 potential places in your matrix and if filled, this matrix pays you over \$88,000 a month.

Wait? Did I show you on an earlier page of Part 1 of this report that \$1 Million per year is only \$83,333.33 monthly? That is interesting, but if you think what I just did ties this whole report together in a tidy bow, think again. I use multiple income streams like the Oak tree uses an overkill of acorn planting. The Traffic Wave matrix may never become perfectly full. So we have added other ways to earn too utilizing the same downline and people. You just need to keep reading this report. Back to Traffic Wave. For every person you refer, you get paid \$17.95 fast start bonus. So, if you refer just 1 person a month, you can pay for the monthly with that bonus. I just showed you the 2nd way to cover the monthly cost to do this project.

Here is another fact: Traffic Wave lets you join for 30 days free to try it out. But you don't get paid commissions unless you are a paid customer. I don't recommend the free trial, but just know it is there if you are too broke to afford \$17.95. I would rather see you have a positive attitude that you can cover it with earnings and just pay it. That is a winning mindset. Next, Traffic Wave pays you matching bonuses on the income of your personal referrals. This adds up very quickly. This can be hundreds a month in just months. In other words, Traffic Wave grows faster than just a dollar a person, but a dollar a person is good too if you have 5,000 people. Are you getting the picture on this one? This great project allows you to do everything I said in the early part of this report, to gain wealth little by little, and to watch your income grow daily, weekly and monthly.

Why did I choose Traffic Wave? Because they have shown themselves to pay people faithfully and steadily for almost 20 years when over that time period, thousands of other firms folded and collapsed causing thousands of marketers to lose their investments and income. Plus, I use Traffic Wave products daily and no marketer should be without these products. Their autoresponders are the best I have used online in my 25 years of online marketing. The tracking software and splash pages are also excellent, and all this is just \$17.95 monthly. Considering that you will be getting funds from Traffic Wave to pay their small fee and that Traffic Wave will be factored into you earning \$1 Million annually, this is one of the best bargains online. My splash pages, free report here and pre-formatted email series drip system that you download in 10 minutes will prospect, market, sift, direct and present and close your prospects to become your Traffic Wave referrals. I am making this easy for you, you just jump in and set it up and plug yourself in as I show you how. The dynamic content has already been set up by me. **Watch this video (8 minutes) about Traffic Wave's affiliate pay plan.**

<https://youtu.be/PH1bizwRF0E>

Now I want to discuss multiple income streams. This is how we ensure that we can earn \$1 Million per year. We let this provocative report sell a few other incomes, in addition to Traffic Wave. Why do that? Because we want to over ensure with overkill the same way that the Oak tree reproduces so that you can get to and surpass the \$1 Million per year over time. If you only join Traffic Wave, that is your start for under \$20 per month, as we showed you early in this report. But we recommend that you move into a few other incomes that we show you for low risk dollar output, but huge returns. Going into multiple incomes with this report is wise and gives you the wise principle of not keeping all your eggs in one basket. Companies can come and go, but this free report system will last, and we may have to remove a vehicle firm one day, or add one, and we do not want that to even cause a hiccup to your \$1 Million income plan.

We are using the 12th Power Strategy that I created several years back. It is not a typical team build. It deals with multiples of 12. Simply put, you help your 12 people below you and we teach them to help their 12. They are critical to your success, so you need to be committed to their success. This is easy to do. These 12 become marketing friends and you keep in contact with them and they with you. In Traffic Wave, the 12 people you work with will ideally be your 1st and 2nd levels. (3 people and 9 people) It should take 3-5 weeks to assemble this team of marketers who you work with. Helping them is directly helping you. Making them big producers makes you a big producer. They are also trained by this system to help their 12 people too. Do you see the synergy moving downward under you? No wonder the quality you see in your first two levels will also be on your 9th or 10th levels. (Traffic Wave is a 3 x 10 forced matrix) Each time you personally refer a person to Traffic Wave, you give our back-office training information to them. They must join TW to receive this plan and blueprint material from you. There will be a TW autoresponder campaign that you offer to prospects with many emails in the series. I show you how to download it into your own Traffic Wave account in 5-10 minutes. In the 2nd email letter, Traffic Wave is offered to you and later to your prospects for them to join. The 3 in one reports are in the 1st day email letter.

Global Domains International (GDI)

BUT WHAT WILL WE DO NOW WITH THESE PRECIOUS LEADS OF PEOPLE AND HOW DO WE ENSURE THAT YOU AND THEY GET THE BIGGEST BANG FOR YOUR BUCK AND THEIR BUCK IN TIME AND MONEY? You already have the lead. Why not sell them another residual product? This is kind of like what Malls and strip centers do offline when they bunch stores together to market other things to their traffic. You do not have to ask them to join the next offer. You do no selling. They have been prepped by this report #2 and report #1. They are attracted to it because of the philosophy and influential presentation. On the 3rd day of the email series, we offer the people **GDI. (Global Domains International)** Many of us have been in this one before. It costs \$10 monthly, and you get \$1 per person that joins after you and below you. But if you were in it in the past, before now, and did not continue, it may be that you had no system or clever strategy or marketing plan to fill it up. It is an unlimited width Uni-level matrix that is 5 levels deep. Once you have 5 people, (5 x \$1) then it is costing you only \$5 a month, and once you have 10 people, (10 x \$1) it covers itself with a \$10 income.

Using our 12th Power Strategy, and getting 12 people for GDI on level 1, the income multiples of 12 go like this: **1st level: \$12. 2nd level: \$144. 3rd level: \$1,728. 4th level: \$20,736. 5th level: \$248,832.** This is **\$271,452** in total monthly income from GDI, per month, because of 271,452 people in it under you. This is because each person is trained to go get 12 marketers to be frontline or core people to them. If you earned only a fraction of \$271,452, you would be advancing towards your goal of \$1 Million annually. (\$83,000 monthly) **I have a GDI calculator for you to play with, but my suggestion is to insert our 12th Power marketing plan into it by using 12 personal referrals and they each get 12.**

Go to see the GDI calculator here: (Copy and Paste the calculator if it does not click open)

http://website.ws/kvmlm2/st_calculator.dhtml?fbclid=IwAR1oPqrpNshnWu5jYofB5ZyyGnx4fwkfb3rUt4inF0yQJyHAIjnBhUMGu2l

“Wait Greg, you said we could start for under \$20 early in the report. Now it is \$17.95 and \$10 too.” Yes, I did say under \$20. You can start the first day for \$17.95 with Traffic Wave. That gets you the system to market this and you can make an incredible income with just Traffic Wave. Potentially, a Million per year. But by the 3rd day in the series you have seen the power of this report and if you believe in the plan, another \$10 is nothing, especially if that plus the original \$17.95 will both be covered by income quickly anyway. Even though you can start for less than \$20, there is no way you can finish my total plan for less than \$20. I did not say you can finish this project for less than \$20. Do not forget that now you are **double dipping**, and obtaining an income from Traffic Wave and GDI, and 10,000 people in each firm under you are the same 10,000 people and will yield you about \$20,000 monthly. Your initial same 10,000 people will yield you \$20,000 instead of \$10,000 if you go into GDI. See the logic? These will be the same 10,000 people in both. You put the same people in two projects by just giving them one offer, the email campaign with free reports. With GDI and Traffic Wave, each person is earning you \$2 monthly. Now you have 10,000 people going after 12 people according to our 12th Power training and goal. (12 x 10,000 people is 120,000 people) 120,000 people are each earning you not \$1 but rather \$2 a month. (120,000 x \$2 = \$240,000) That is \$240,000 monthly x 12 months or \$2,880,000 annual income. Wait, there is more coming ahead. See the overkill of income to get to our goal?

Now you have seen 2 residual projects, which the total to start is only \$27.95, or, start the first one for only \$17.95. I heard a wise man say once, “If you want to ruin a person’s vision, just give them two visions.” That

is because there is a divided focus and loyalty and they must divide their time into two parts to feed each vision and bring it along. So, what if we give a person 3 visions? That could be devastating. But what about giving people more than one vision? Is that what I am doing? I am glad you asked that. Normally, more than 1 vision is harmful, but when we package the projects together, **we market them AS ONE!** The single vision is to build many incomes with just one splash page and one free report. You are hitting many targets with just one arrow. This is another clever part of this strategy. You do not divide any focus of marketing, as you only market one thing, but you **do** get to count all of your growing incomes every day from multiple firms. I love this part of it. But now I will show you what we share on day 4 of our email series and campaign.

All in One Profits (AIOP)

In ancient times, silver and gold and goods was the main method of exchange. Now, the method is cash. Cash is our modern equivalent. Silver and gold are now held mostly for investment. One great man of God said once, **“if you don’t have enough in the bank to pay your bills and living for 5 years, you are broke.”** That seems callous at first when you hear it, but the more I thought about it, the more wisdom and truth I could hear in it. That is why I built this system for you and myself too.

To further enable you to earn your 1 Million a year, we have a 3rd project which has a totally different pay matrix to mix it up a bit and give you diverse mathematical earning power. It is **All in One Profits** and comes to you on the 4th day in the email series. Each of these 3 projects are firms that are very reliable and have been all tested over time to be very reliable payers of their marketers. Instead of a forced matrix or a uni-level matrix, this firm does an “Even Up” pay plan. This means that you refer people and you keep each person who is an odd number, let’s say your 1st, and 3rd, and 5th, etc., and you pass up to your referrer your 2nd, your 4th, your 6th, etc. But then, those odd numbered ones must pass up all their even ones to you. And you get \$10 every time it happens. This can be an incredible amount of money and it goes down to infinity. But then, those passed up to you must give you their even ones too. Do you see an exponential factor here of scores of people, hundreds, even thousands of people all giving you people which then causes you to get \$10 a person, each person? These people are the same group that join the first two projects under you. This is highly residual. You are growing wealthy on other people’s efforts because you will build this project with the same people that are helping you build Traffic Wave and GDI. Now you are **triple dipping**. How is that possible? It will all come from this free report series, and the email campaign that offers the reports. All of your 3 join links are in that email campaign. The cost to begin this one is only **\$11.50 a month**. It is optional, but I urge you not to skip it. This **“All in One Profits”** project gets me excited, and it is so unique that **I think you ought to listen to this video on its pay plan. It is just 5 minutes long.** <https://youtu.be/oGeEPnKikw>

This project AIOP will bring masses of people to you delivered by other people and those people will be wealth for you, and this system of mine will “prime the pump” so to speak to make it begin and get to critical mass. Eventually, if you did not refer much anymore, you’d enjoy increase and growth and huge income anyway.

Summary and Final Words of Free Report #2

What have we put together here for you? It is a 3 in one system, and your long-term retirement is in the bag if you begin this system and follow through on what we show you. You will earn 3 growing residual incomes and could be earning over \$500 to \$1000 monthly in very little time. This project creates a very large income for a very low investment. It just does not take much cash outlay. You receive much training and leadership. Maybe you have felt that you needed a mentor. I do that through my system. You literally will not be able to fail unless you impatiently give up. The 3 projects have been very carefully selected. They actually fit together nicely but are 3 diverse matrixes. The pay plans will have you getting paid all the time.

Our plan is to build little by little the Traffic Wave 3 x 10 matrix, which has a potential capacity of 88,582 people under you in it. At the same time, you will be filling up a GDI unlimited width matrix down 5 levels with an unlimited capacity of potential people in multiples of 12 people. Each of these 2 firms will yield you \$1 a person not counting the bonuses that Traffic Wave will pay you. Lastly, AIOP as a firm will pay you \$10 dollars hundreds, even thousands of times, and as your group grows, your odd numbered referrals will all pass up all of their even numbered referrals to you and each person they give you will earn you \$10. Then, their even numbered referrals will also pass up to you and on to infinity. As your group grows, the number of people that are giving you paying customers explodes exponentially. We began this report by discussing 1 Million per year in income for your retirement. Just how much is that again? It is \$124 per hour, 24/7, or, \$83,333.33 per month. We are suggesting that you earn 3 incomes with us, and the 3 are all unlimited in scope, from good firms who pride themselves in their stability and soundness. But you are not selling people these 3 firms, you are marketing our strategy using ancient Biblical principles, and quite honestly, you are only asking people using mass marketing methods (no personal selling) to read a free set of reports. 3 reports to be exact. But wait, we only showed you 2 reports. There is more? **Yes, go now to report 3 and read it carefully.**

*"I am the Lord your God, Who teaches you to **profit**, Who leads you by the way you should go." Isaiah 48:17b*

American Payday Services (APS) An International Plan – Quick Cash Flow

The 3 projects already covered are slow growing but grow to enormous size and together they will earn you thousands a month. We have built into our system another offer that earns you faster income, getting you \$1000 or \$2000 a month very quickly and allowing you to pay bills and be able to leave your day job much faster. Many will be able to earn up to \$500 to \$1000 a week. This is a great answer for unemployed people or people stuck at home, or who really want to work from home. **Considering the self-isolation rules of the Coronavirus, the next offer is timely, as people are scrambling to pay their bills.** We have a 4th income for you, **APS**, and it is low risk and safe to start. We offer this product in the day # 5 email of the series. I own the product. I created it, and I will be paying you. You can begin marketing it without even spending a dime for it. How?

First let me ask, how would you like repeated \$51 payouts? How would you like repeated \$136 payouts? How about \$446.25 payouts? This kind of income would help you get to \$500 weekly in no time at all. And the products are excellent. Could you market 5 of these products a week? What if this was your main core income and you had the time to market 5 per week? Keep reading. I have re-introduced a product I created a few years back, and I believe it was ahead of it time, and it fits perfectly into this strategy and plan. I am a businessman and entrepreneur, and, in these products, I share ongoing and routine mentoring in finances, investments, funding debt payoff, Biblical wealth concepts, real estate, precious metals and stocks. I am also working on novels and entertainment projects too and I mentor in this also as a published author and because I am working on creative media projects. I have 3 products and the first one is \$79.95. The next one is \$195. The 3rd one is \$595 and these are progressive products and you can upgrade to the next when you are ready. I pay 65% commission on the smaller one and 70% commission on the 2nd one, and 75% on the largest one. **All of these products have a 7-day 100% money back guarantee.**

Currently, our middle product is on sale until Summer for \$195 and will have a pricing review at that time.

Did I mention that you can market this before you pay? But first, let me explain more. As I put this together, I wanted to give you a cash cow that would help you pay bills, for auto payments, rent, mortgage, utilities, credit card bills, and..., have some funds to do some paid marketing on the 1 Million dollar 3 income residuals. Paid marketing ensures the success of most good projects. One method is to take 20% of the cash you have coming in and invest it back into ads, emails, Google ads, etc. This ensures that you do not have to "sell" this project or approach family or friends. You simply mass market it, and believe me, it is very appealing. Our email marketing campaign offers the 3 residual projects plus this one cash flow project all 4 in one package so

you are getting much bang for your buck, and each potential prospect has the ability to join you and follow you in all the firms for the highest possible profitability and return on your ad investment. But why leave money on the table that is “sure money” by not participating in all of them? Most people will go all in and do all 4 offers. It is called, working smart, and working efficiently.

We don't require you to buy this product before you begin to market it. But you will need to buy it before you can be paid on it. The \$79.95 APS product is offered in day 5 of the campaign. You download the whole campaign into your Traffic Wave account in 5 or 10 minutes and insert your information, your name, email and when your prospects see the offer and wish to get the link to buy the \$79.95 product on day 5, the prospect comes to you, they must come to you, and that is the time you buy it, and give your own link to them, your first customer. I don't care if you wait until you have 2 people to buy it, but please do not make people wait, as they could get frustrated, and then call me for help. I don't want that. They will need to wait some hours or even overnight while you buy it, but then you can share your link to it with them which you get after you purchase the product. You will buy it for \$79.95 and be paid \$51.97 and get 65% of the money back very quickly. The next sale will put you in profit. (2 x \$51.97 is \$103.94) This is a safe way for people to get a project going, but you can also just buy the product outright too as early as you want by requesting your referrer's link before you have a request for it. Many will do that. Later on in the campaign, the offer is made for the larger product for \$195 and we allow you to wait on that one too, if you wish, and then buy it after you have a buyer who will get you paid 70%. You buy it for \$195, and this first sale gets you \$136.50, and then your next sale gets you another \$136.50. (2 x \$136.50 is \$273) You can however buy the \$195 product early too if you want to be highly ready for prospects. I give you that option. Once you do buy both of these products, you will then always have the two links on hand for your prospects. The 3rd product will work the same way. You can resell it in name without the link, but you will need to buy it to physically give the link to a buyer.

Again, if you do not wish to wait until this larger products arrives in the sequence of the email campaign, you can ask for the links from your referrer at any time to buy them when you wish. **Both products have a 7-day 100% money back guarantee.**

When you do mass marketing of products like these, you can sell many units per month, or even per week. We see it being easy to earn \$500 weekly and more with these three products. That is doable in a week and more to someone who works this project like their job, but works at home, and it could be done in about 2-4 hours a day. If you do that, you would be earning the commissions, and, power building the 3 residual projects at the same time and have each buyer of these two APS products as your production crew under you power building your residual income to great heights. You'll be making now money and long-term money too, or current expense money and future retirement money. You can have your cake and eat it too.

The three products are a wealth of knowledge and I have poured myself into them over several years and you can learn much. I am a real estate broker and still active, and I have been a mortgage loan broker for 20 years. Here are lists of the 3 products and content in them:

These 3 APS products are not normal products. Most of them will either help you market this online project or any online project better, and, they will show you ways to make money in this system and earn wealth in subjects not related to this product. It is added value all the way around. Plus, I am always adding to the packaged products updates and added information and new items, but you pay once and have the helps for life as they expand. **Watch a 6-minute video that I created that explains even more details.**

Summary and Final Words of Free Report #3

Action Plan: (You should each of the items below in the email campaign; each day below corresponds to the email you get that day.)

Day 1: Free Report Included. Read all the report. Read thoroughly and get right on it because on day # 2, you get the Traffic Wave link to join. Traffic link shared also on Day 1.

Day 2: Join Traffic Wave for \$17.95. Once joined, you receive the private mentoring information site from your referrer. (Only if you must, do Free 30 day and upgrade anytime)

Day 3: Join GDI for \$10! It has a 7-day free trial. Join Traffic Wave if you didn't the first day. Re-study the 3 reports. Follow instructions to download the campaign series. It will auto-populate your name and email. It will also auto-populate your prospect's names when they order the campaign.

Day 4: Join AIOP! AIOP is \$11.50 a month. Join Traffic Wave, GDI if you haven't yet, and familiarize yourself with the back office of Traffic Wave.

Day 5: Read this Day 5 email thoroughly and then email or call (if they provided their number) your referrer and inquire about obtaining the \$79.95 American Payday link. They must be the one to email it to you. Be patient if they must go get it themselves first. If they have already made a sale of this product before you, they will have the link on hand. Be patient, your referrer is a vital resource to you as you will learn in the training on 12th Power Marketing which is in the \$79.95 product. (Remember, you can offer this as it is written in the email template in the Day 5 email without a link and without having joined.)

From here on, the emails come every 2 to 3 days, and they are filled with helpful information and ancient Biblical success principles and knowledge. About 10 calendar days after day 5, an email will come with the \$195 product, to give your cash flow a boost, and, remember, you can offer that with no link and no cost at first and respond to your prospects with a newly purchased link. If you want it early, contact your referrer. At your option, you can contact your referrer early and ask for the \$195 product link before you ever receive the offer in the email series. I know there will be fast trackers in the mix who will do this, and I encourage you on that. But be in the system for at least a week or two first so you can set it all up and have the system in operation first. More details and answers to your questions will be in the email series too. Lastly, close communication with your people will allow you to connect over the \$595 product link.

Note: One common question is, can I use the system and reports if I am not in your downlines? My answer is: I realize that some of the people that read the report are already in 1, or 2, or all 3 of the residual projects. That means they cannot join my downlines. The businessman in me says I did not set up this system to build everyone else's downlines with the strategy that I created. So, we'd like you to be in at least 2 of the 4 projects with us. You really need a Traffic Wave account no matter whose downline you are in. But considering that we have the American Payday Services cash flow products, you can just participate in that as one of the 2 required projects. As a Pastor, I'd like to help everyone out there. But I must temper kindness and business practices. I will be flexible, and work with people.
